

## Specialty Doors

### LOUVER DOOR OPTION

Louver doors are available in Infinity with raised moldings and Ovation with a flush louver panel, perfect for bypass, pocket doors and to coordinate with craftsman designs. With their 2" reveal and cassette construction, which can be used in place of any square panel, louver doors can add a "tropical" design element to your project. Optional "true" or "false" louvers allow for air movement or privacy as required per plan.

### MIRROR DOOR OPTION

Available in double sided or split design, mirror options are available in all three lines. Perfect for bathrooms, closets and dressing rooms, Infinity door designs on one side can be backed with mirrors that have a raised molding. This same "split design" can be done with Encore router carved doors but with an inset, flush mirror. In Ovation, "split designs" are available with flat panel construction and the mirror can also have a soft arch or eyebrow detail at the top and your choice of sticking.
